

Meet the Teacher

About Me

Hello! My name is Kathleen Kelly. I am excited to continue to work with our preschool students. I look forward to learning more about each child's unique strengths and abilities. My goal is to help each learner build their confidence, develop early reading and math skills, and reach their full potential while building strong community in our classroom with our team.

I have been teaching at Beard school for the past 6 years. Our focus in the classroom revolves around consistent routines, student voice, collaboration, and providing a creative outlet for children to express themselves. As a team, we strive to make our classroom a place where students ask questions, explore new ideas, and learn from their experiences.

I am looking forward to another great year at Beard school!
