

Meet the Social Worker

About Me

Hello, my name is Sara McNally

I have been a CPS School Social Worker for 20 plus years. This is my 4th year at Beard School. I enjoy camping, taking road trips, and have been to almost all of the National Parks. In my free time, I enjoy reading and spending time with family.

I absolutely love working with early childhood and special education students. Supporting acquisition of foundational social and emotional skills and encouraging curiosity are two of my favorite aspects of this work!
