

Meet the Nurse

About Me

Hello, My name is Marie Dolan and I am the Certified School Nurse here at Beard Elementary. This is my 27th year as school nurse with CPS and I have been at Beard on and off for the last 12 years or so. I am fortunate to be here full time this year. Our nursing team also includes Claudia Madrid and Violet McGuane. Together we work to meet the needs of our special education students as well as our general education students and promote a healthy school environment.
