About Me

My name is Michaela and this is my first year as a special education teacher! Prior to this, I was an inclusion aid in the Northwest suburbs for 6 years. Last year, I was fortunate enough to complete my student teaching, and even be a substitute, at Beard. I love what I do so much!

"Every child deserves a champion – an adult who will never give up on them, who understands the power of connection, and insists that they become the best that they can possibly be." -Rita F. Pierson

Education

I graduated from Illinois State University, this past May, with a Bachelor of Special Education LBS1.
