About Me

Hello, my name is Sarah Didricksen and I am honored to serve the Beard Community as the Diverse Learners Art Teacher. This is my 4th year at Beard and my 18th year with Chicago Public Schools.

I love teaching art and seeing the students explore their creativity. The arts curriculum incorporates multiple medians and techniques, with a mixture of project based and process art. Every child is an artist and I love spending my days with them in the art room.
