

Meet the Physical Therapist

About Me

Hi! My name is Jana and I am one of the PTs here at Beard School. While I have been PT with CPS and at Beard for the last 4 years, I have been working as a Physical Therapist for over 25 years! I truly have the best job and it is my absolute pleasure to help students be more active in their school environment. I see students one on one and also within groups to work on their gross motor skills and support developmental milestones in and out of the classroom. I work closely with the Physical Education teachers to provide modifications and accommodations as needed to help every student actively participate and thrive at school.

My Favorites

COLOR: Green

HOBBY: Camping with my family

DRINK: Coke

CANDY: Anything with chocolate and peanut butter

FOOD: Tacos

Education

Bachelor of Science in Education,
Masters in Physical Therapy
