About Me

Hello! My name is Ms. Kristin. This is my third year at Beard School. I love being an early childhood teacher, and teaching preschool. There are so many fun, inquiry based learning experiences within our curriculum. A fun fact about me, I grew up on a farm in central Illinois. Growing up around a forest has inspired my teaching practice, I include lots of natural materials throughout Room 210. I am so excited to grow and learn with your child!
